Matthew 5:14-15

"You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house." NIV

The other day, Tristan was "helping me" at the gas pump, and as I was walking him through what to do, which buttons to press, which fuel to select, all of that, he noticed that there was a less expensive option. He asked why I didn't want to take that option, and I explained that our vehicle didn't take that particular kind of fuel. As he pressed further, I explained to him the role that gasoline plays in an internal combustion engine, and I think somehow he's still confused. Maybe I didn't explain it well. But at the end of the day I told him that if you want something to perform well, you have to give it the right kind of fuel.

In our scripture this week, Jesus encourages his disciples to shine their light to others, but also to make sure that what powers that light is genuinely good and not something fake. Bring your lights this Sunday, and we'll talk more about what that means.

See you then! - Zach
